UNITED STATES OF AMERICA.

THE
BATTLE RECORD
OF THE
AMERICAN REBELLION

BY
HORACE E. DRESSER, A. M.

New York:
THE TRIBUNE ASSOCIATION,
AND
SINCLAIR TOUSEY, 121 NASSAU STREET.

Entered according to Act of Congress, in the year 1863, by HORACE E. DRESSER, in
the Clerk's Office of the District Court for the Southern District of New York

NOTE.—The object of the author of the BATTLE RECORD OF THE AMERICAN REBELLION has been to furnish the public with a complete work of reference. Many others, more voluminous, have been issued, but in none has the arrangement of the historical incidents of the war been so convenient and useful. All the events of the rebellion, from its commencement to the beginning of the present year,—the greatest battles and the slightest skirmishes,—with their dates, will be found in these pages, alphabetically arranged. By this arrangement but a moment's time is required to ascertain the date of any occurrence of the war.

In all cases, where practicable, official reports have been consulted, and the work corrected thereby. When it has been found impossible to obtain the desired reports of some of the inferior engagements and minor events, the date has been determined by a careful examination and comparison of the correspondence of the different daily Journals of this city. The author desires to express his acknowledgments for the facilities afforded to him by the editors of the *Tribune*, *Times* and *Herald*, and especially to MR. FREDERICK HUDSON of the *New York Herald*, who has kindly allowed him access to the files and correspondence of that journal.

It is the intention of the author to issue a Second Part of this work when the war shall have ended, so as to make the BATTLE RECORD a full and complete chronicle of the rebellion.

NEW YORK, May, 1863.

EDITED BY

GEORGE RIPLEY and CHARLES A. DANA,

AIDED BY A

Numerous Select Corps of Writers, in all Branches of Science, Art and Literature,
in 16 large volumes, 8vo., 750 double column pages in each volume.

From the Boston Traveller.

The NEW AMERICAN CYCLOPÆDIA is, indeed, a publication that speaks highly for the enterprise, the skill and learning of the men who planned it, and who have carried it through to completion in less than six years, in a manner which deserves much praise. The task was a great one, and required in the editors tact, patience, learning and powers of labor and application that are seldom to be found, being less often seen than what is known as talent.

From the Atlantic Monthly.

The promises of the editors on the score of impartiality have been well kept. It would be too much to expect them to satisfy everybody, or never to be caught tripping; but in the great questions of religion and politics they seem to have preserved a happy mean between the outspoken freedom of the partisan and the halting timidity of the man who never commits himself because he never has an opinion. Their contributors represent nearly every Christian creed, every shade of politics, and every part of the English speaking world, from Salt Lake City to London, and from Mobile to Montreal.

PRICE OF THE WORK.

In Extra Cloth, per vol.	\$3 50
In Library Leather, per vol.	4 00

In Full Morocco, antique, gilt edges, per vol.	6 00
In Full Russia.	6 00

The price of the work will, for the present, remain as above, but if the market should be any great advance in paper and material, the price must be increased. Many persons have omitted to subscribe for the Work during its progress through the press, owing to an unwillingness to subscribe for an incomplete work. They may now obtain sets in any of the above styles.

In walnut and other woods, exactly suited to contain a set of the CYCLOPÆDIA. They are furnished at from \$8 50 and upward, according to the taste of the purchaser.

The New York Weekly Herald.

THE CHEAPEST FAMILY NEWSPAPER IN THE WORLD.

THE NEW YORK WEEKLY HERALD is now *the Cheapest and Best Family Newspaper in existence.*

The extensive and comprehensive facilities in its possession enable the proprietor of the WEEKLY HERALD to guarantee the latest and most reliable information possibly to be obtained, not only from all parts of the United States, but from all parts of the world.

Its home correspondents, engaged at heavy cost, and connected with each new naval and military expedition of the government, prove that it is determined to leave no spot uncovered by its operations, and no event can occur that shall not find immediate report in its columns. It costs the proprietor over one hundred thousand dollars per year to maintain his correspondents in the field.

In its collation of Foreign News, the HERALD has for years held a high position, and it will endeavor in the future to maintain the stand it has assumed. It has special correspondents stationed in all the principal cities in the world.

Its telegraphic arrangements extend to wherever the electric wires are stretched. When the Atlantic cable is laid, which feat will soon be accomplished, telegrams will be received from Europe and Asia, as well as from the United States. *Then our readers will have the events of the week in all parts of the civilized world regularly and clearly laid before them.*

It is the intention of the proprietor to devote a portion of the paper to Literature, Fashion, Agriculture, the Mechanic Arts, Sporting Matters, Business and Financial Reports, Cattle Markets, General News, and reports of all events calculated to form an excellent metropolitan newspaper—a weekly photographic view of the events of the world—and at a very low price.

THE WEEKLY HERALD, issued every Saturday morning, will be furnished at the following rates:

One copy,	\$2	Five copies,	\$ 8
Three copies,	5	Ten copies,	15

Any larger number, addressed to names of subscribers, \$1.50 each. An extra copy will be sent to every club of ten. Twenty copies to one address, one year, \$25, and any larger number at same price. An extra copy will be sent to clubs of twenty. Advertisements to a limited number, at fifty cents per line will be inserted in the WEEKLY HERALD.
